

WHAT IS CLAIMED IS:

1. A method of providing pharmaceutical services, comprising the steps of:

receiving a pharmaceutical or ancillary device resulting from an order received on behalf of a covered entity for the benefit of a patient;

acquiring by a manufacturer or in connection with the manufacturer an accounts receivable of the patient from the covered entity wherein the accounts receivable is associated with the pharmaceutical or the ancillary device;

ensuring the pharmaceutical or the ancillary device is provided to the patient.

2. The method of claim 1, further comprising the steps of:

collecting a payment on behalf of the patient.

3. The method of claim 1, further comprising the steps of:

providing a fee to the covered entity for acquiring the accounts receivable.

4. The method of claim 1, further comprising the steps of:

providing a report to the covered entity associated with providing the pharmaceutical or the ancillary device.

5. The method of claim 1, further comprising the steps of:

providing a report to the covered entity associated with an activity of the accounts receivable.

6. The method of claim 1, further comprising the steps of:

managing one or more prescriptions of the patient.

7. The method of claim 1, further comprising the steps of:

selling the accounts receivable back to the covered entity.

8. The method of claim 1, wherein the pharmaceutical or the ancillary device is associated with hemophilia.

9. A method of providing a patient prescriptions, comprising the steps of:

receiving an identification associated with a patient of a covered entity
and a prescription of the patient;

ordering the prescription using a credit of the covered entity;

acquiring by a manufacturer or in connection with the manufacturer an
accounts receivable from the covered entity associated with the patient;
and

dispensing the ordered prescription to the patient.

10. The method of claim 9, further comprising the steps of:

acquiring a payment on behalf of the patient for the prescription.

11. The method of claim 9, further comprising the steps of:

providing a prescription consultation upon a request of the patient.

12. The method of claim 9, further comprising the steps of:

verifying an insurance coverage associated with the patient to pay for the prescription dispensed to the patient.

13. The method of claim 9, further comprising the steps of:

providing a fee to the covered entity for acquiring the accounts receivable.

14. The method of claim 13, wherein the fee is less than an expense associated with the prescription.

15. The method of claim 9, wherein the prescription is associated with a treatment of a Hemophiliac.

16. The method of claim 9, wherein the prescription is dispensed to the patient at a patient defined location.

17. A method of transacting business with a covered entity, a pharmaceutical manufacturer and a patient comprising the steps of:

ordering a prescription from a pharmaceutical manufacturer on behalf of a covered entity wherein the prescription is for a patient of the covered entity;

acquiring by the manufacturer or in connection with the manufacturer from the covered entity an account associated with the ordering of the prescription and the patient; and

managing a delivery of the prescription to the patient.

18. The method of claim 17, further comprising the steps of:

collecting a payment from the patient for the delivery to offset a debit associated with the account.

19. The method of claim 17, further comprising the steps of:

collecting a payment from an insurance of the patient for the delivery to offset a debit associated with the account.

20. The method of claim 17, further comprising the steps of:

reporting an activity associated with the account to the covered entity.
